

Christopher Man

- **Highly driven Computer Science enthusiast** who excels in coding with proficiency in Java, Python, React(HTML), Tailwind(CSS), experienced with multiple operating software systems and their frameworks.
- **A global citizen**, educated in Hong Kong, studied at Exeter University with project experience at Tencent in China; has completed various community service and charity projects in developing countries throughout the Asia region.
- **Competent communicator** with the ability to build strong relations and collaboration with diverse groups; experience in teaching computing and technology skills to younger students.

EXPERIENCE

- **Machine Learning & Coding Tutor – Funtech , London** July 2023 - September 2023
Tutoring A-Levels students basics of machine learning and coding concepts
- **Technical Client Support Analyst – Awin, London** July 2022 - September 2023
Analyst for backend systems at Awin with some client facing technologies
- **Summer School Assistant – Robotics Programme** Summer 2020
Analyst for backend systems at Awin with some client facing technologies
- **Tencent Innovation Programme, China** Summer 2018
Selected to attend the technology and innovation camp at tencent

ACHIEVEMENTS (AWIN - Support Analyst)

- **Web Automation:** Designed and implemented multiple javascript bookmarklets to automate daily tasks the team would complete (*this increased productivity over our entire team*)
- **HTML/Javascript Tracking:** Provided hundreds of Clients (Advertisers) support in HTML & Javascript tracking solutions
- **MySQL Proficiency:** Querying Awin databases using MySQL to assist in debugging tracking requests and complex tracking issues
- **Technical Communication:** Responding to technical queries raised via Salesforce Experience (Ticketing System), in conjunction with rigorous documentation writing
- **Collaborative Problem Solving:** Ability to use concise language to efficiently communicate with other teams worldwide during meetings in order to solve Advertiser and Publisher issues

TECHNICAL SKILLS

- **Main Languages:**
Javascript, Python, Java, HTML, CSS
- **Secondary Languages:**
MYSQL, SQL Server, PHP, Rest API's
- **Frameworks:**
React, Tailwind, NodeJS, , Selenium,
- **Developer Tools:**
GIT/Github, JetBrains Suite (Intellij, Pycharm, PHP WebStorm), LaTeX
- **Others:**
 - Documentation Writing: Readme, Javadocs
 - Salesforce Experience (Ticketing Systems)
 - Virtual Machine Deployment
 - Debugging Proficiency
 - Pair Programming
 - Data Structures and Algorithms Knowledge
 - Software Development Cycle
 - Operating Systems Terminal Experience: Windows, Linux , Mac
 - SSH Experience over remote servers
 - Microsoft Office Suite (Excel, PowerPoint, Word)
 - Adobe Software (Photoshop, Premier etc.)
 - Computer Hardware
 - Video Editing

CAREER OBJECTIVE

To secure a role within an organisation utilising my technical and coding knowledge to gain valuable experience in a commercial setting. Eventually, pursuing a career in full stack development.

EDUCATION

BSc – Computer Science with a year in Industry
University of Exeter, UK
2020-2024

IB Diploma and Ontario Secondary School Diploma
Canadian International School of Hong Kong - Graduated 2020

COMMUNITY SERVICE

Food for a Future, Cambodia (2018 – to date)

Created a website, presentations and promotional materials and videos for this charity in Siem Reap.

Hapitale High School, Sri Lanka (2018)
Rebuilt and refurbished classrooms and installed water supplies.

Khompeim Village, Cambodia (2017)
Building houses for local impoverished villagers.

Bafgan School, Myanmar (2016)
Provided English language teaching to support the acquisition and development of literacy for local students.

LANGUAGES

Fluent
English (spoken and written)

Basic Level
Mandarin, Cantonese
Spanish - Studied at level 1
